

## PRESS NOTE

### PUNJAB STATE ELECTRICITY REGULATORY COMMISSION

#### Tariff Orders for FY 2020-21 for PSPCL & PSTCL

The Punjab State Electricity Regulatory Commission has issued the Tariff Orders containing tariff/charges for FY 2020-21 vide its Orders dated 1st June, 2020. In the Orders, the Commission has determined the true-up of FY 2018-19, Annual Performance Review (APR) of FY 2019-20 and Aggregate Revenue Requirement (ARR) of Punjab State Power Corporation Limited (PSPCL) and Punjab State Transmission Corporation Limited (PSTCL) for the 2<sup>nd</sup> MYT Control Period of FY 2020-21 to FY 2022-23 along with the tariff/charges applicable for FY 2020-21.

For the FY 2020-21, the Commission has determined ARR (including Gap of previous years) of PSPCL as Rs. 31100.62 Crore against a demand for Rs. 41720.97 Crore, this includes ARR of Rs. 1345.28 Crore determined for PSTCL against a demand for Rs. 1500.24 Crore. With expected revenue at the existing tariff being Rs. 30875.79 Crore, the consolidated gap (deficit) works out to Rs. 224.83 Crore, which is required to be recovered through tariff in remaining 10 months of FY 2020-21. The main reason for the revenue gap is the reduction in projected sales due to the lockdown imposed by the Central/State Governments to prevent spread of Covid pandemic, resulting in disproportional decrease in revenue as compared to the cost of power purchase while all fixed cost components of the Discom such as fixed cost/capacity charges payable to power generators, transmission charges, operation & maintenance expenses, depreciation, Interest on loans, return on equity etc. remain the same.

#### SALIENT FEATURES

1. The new tariff will be applicable from 01.06.2020 to 31.03.2021, with the previous year's tariff being effective upto 31.05.2020.
2. In view of the hardship being faced by the poorer section of society due to the Covid 19 pandemic, the per unit tariff for domestic consumers with load upto 50 kW & for consumption slabs of 0 to 100 units and 101 to 300 units have been reduced by 50 paise and 25 paise respectively. This shall result in financial relief to the tune of Rs. 354.82 Crore to these consumers.
3. No increase in tariff for small shopkeepers (NRS consumers having load upto 7 kW).

4. No increase in fixed part of the tariff for small, medium and large industrial consumers.
5. The Tariff for AP category has been increased from Rs. 5.28/kWh to Rs. 5.57/kWh against PSPCL proposal of Rs. 6.95/kWh. With this the cross-subsidy of AP category has been reduced from (-) 17.82% to (-) 14.41%.

**6. Simplification of Billing/Tariff**

The Commission has decided to accept the PSPCL's proposal to merge the consumption slabs of 301-500 units and above 500 units for DS sub-categories for consumers above 2kW also.

**7. Reduced energy charge for consumption of power exceeding the threshold limit**

- The Commission decides to continue with its policy of encouraging the industry in promoting the productive use of surplus power by offering lower energy rate of Rs. 4.83/kVAh for consumption of power exceeding the threshold limit.
- Further, the Commission has accepted the suggestion made by industrial consumers that consumer availing supply at higher voltages should not be treated at par with the consumers getting supply at lower voltages. Accordingly "Voltage Rebate" has been excluded from the ambit of capping of energy charges.

**8. Special night tariff**

- Special night tariff with 50% Fixed Charges and Energy Charge of Rs. 4.83/kVAh for LS/MS industrial consumers using electricity exclusively during the hours of 10:00 PM to 06:00 AM next day has been continued.
- The facility of this special tariff has been also extended to small power (SP) industrial category consumers.
- On the demand of the industry, the facility for use of electricity by the night category consumers, during the extended 4 hours of 06:00 AM to 10:00 AM at normal tariff, has been extended for the whole year i.e. including during the summer/paddy season of FY 2020-21.
